A new website for Peach Street.

Prepared for Cody and Michael by Eric Berg, Crush

01 Grain to glass.

02 Where Colorado bourbon began.

03 Palisade's gathering place.

Your number

$2,500

Paid once.

Half at go, half at launch

$1,250 when you say go, $1,250 when your site is live.

Built within a week

of your go. You see every page before anything goes live.

Yours to keep

Site and files in your name.

What we built it around.

Every bottle is truly grain-to-glass.

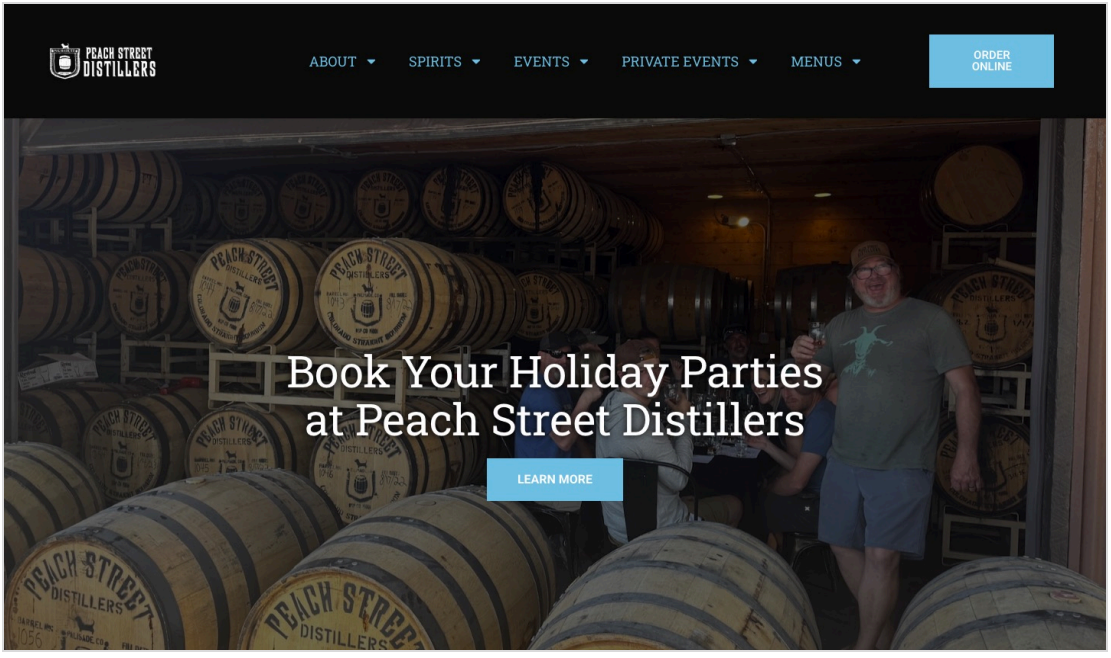

From your homepage. Option 1 makes your bourbon label the page: its black panel holds the headline, and the 7 Year Single Barrel stands huge, swapping to the 6 Year and the Red Wine Barrel at a tap.

Where Colorado Bourbon (Legally) Began.

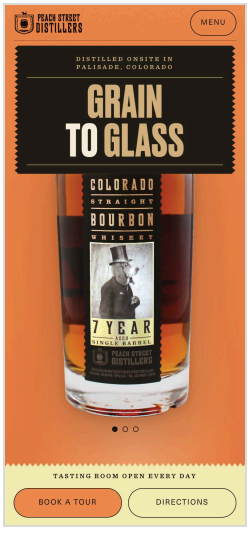

Your homepage heading. Option 2 stays in your black and sky blue: a roll-up door lifts off your own barrel room, every head stamped Colorado Straight Bourbon, with the tour board beside it.

Palisade's Gathering Place.

From your homepage and Visit page. Option 3 is light and open: the Book Cliffs over the vineyards, the pergola patio, the trolley kitchen, and you two in a note at the side.

Today

New, on a phone

All in the price of your website.

The website

A new site for Peach Street: the homepage, your spirits, your food menu, your tasting room and events, and a way to get in touch, built out from the top you've just seen. Built within a week of your go.

An animated promo

A short animated video made from your own photos and words, sized for Instagram, Facebook and anywhere else you post.

A designed email

Designed and written for your regulars and your list, so the people who already love your spirits hear about the new site and the next release from you.

Twelve ads

Twelve launch graphics for your own channels (email, socials, site banners), each sized for feeds and stories, with moving versions of the best four.

A front desk

First month on us

From Hire Whoever, our sister company: a voice assistant built around your tasting room, so callers asking about hours, what's on the cocktail menu, the kitchen or this weekend's events get an answer while your team is pouring, and every call becomes a short written record.

Unlimited small changes

For the first 30 days, anything you send is live the next business day. After that, small changes stay free: a price, a photo, your hours, a line of text. Text or email it and it's done within the week.

Launch email setup

Included when you say go before 26 November 2026

We set up the launch email and line it up for your regulars and your list, ready to go out on launch day.

$2,500, paid once. Nothing that comes with it is billed separately. All prices in US dollars.

Built within a week of your go.

Day 0

You say go

You pay the 50% deposit and give us access to your domain and current site. Your live site won't change until you say.

Days 1 to 7

We finish the site

We build these pages into your full site. You see every page in a preview before anything goes live.

Launch

It goes live

The new site goes live on your domain, and the promo and launch email are ready to go out with it.

After launch

Changes, on us

For 30 days, anything you send is live the next business day. Small changes stay free after that.

Launch day depends on you too: the sooner your answers and approvals come back, the sooner it's live. If we're ever the hold-up, your first three months of Steady, our monthly care plan, are on us.

"We weren't planning to rebuild the website for our cafe, until Eric from Crush approached us... We're so glad he did!"

Alejandra Dominguez, Switchboard Cafe, Salt Spring Island, BC

"I don't respond to emails from outsiders, but I'm glad we did with you."

Midwest Peps, online store, Kansas

"...completely modernized the site while keeping its identity, its history and the content I care about."

Vincent Cheville, Volcano Explorer, La Réunion (translated from French)

Yours, start to finish.

What you own

The site and every file, in your name.

Your photos, spirits, and contact details carry over.

No commitment on anything monthly. Cancel anytime; the site stays yours.

When you want more.

Small changes stay free, so you never need a plan to keep your site right. These are for when you want us working on it every month: no commitment, cancel anytime.

Questions.

Will moving hurt my Google ranking?

We move it carefully. Every page address on your current site keeps working or forwards to its new page, and your titles and business details carry over, so nothing Google already knows about breaks. The new site is fast and built for phones first, which Google rewards. We don't promise rankings.

Is it secure?

Yes. It's built lean and tested on a preview before anything goes live, and your forms keep sending to the same inbox they do now.

Who owns it?

You do. The design and every file sit in your name. Your domain stays with you; nothing of ours renews unless you ask.

How do I make changes?

Text or email me the change. For the first 30 days, anything you send is live the next business day. After that, small changes stay free, done within the week: a price, a photo, your hours, a line of text. Something new, like a page or a feature, gets a price before we touch it, or a monthly plan covers it.

When do I pay?

Half ($1,250) when you say go, the rest ($1,250) when the site is live. You've seen the homepage before paying anything.

What about new releases?

Then the site changes with them. New spirits, hours and events are easy to update, and I'll load your current lineup into it as part of the build.
